

T2U

NASA Technology Transfer University

Connecting student entrepreneurs and NASA-proven technology

What Do We Offer?

- Participation in semester kickoff and closeout activities
- NASA tech transfer support
- NASA inventor support
- Technology fact sheets and supporting data

Showcase Your Results

- Present student pitch decks
- Provide commercialization recommendations
- Share market analyses

Highlight T2U and You!

- NASA feature article
- Academic logo on NASA T2U website
- Success story highlights on NASA website

Student entrepreneurs build case studies with NASA's patent portfolio while learning about commercialization and licensing opportunities.
